

seasonal...

SENATOR BEUTLER: Yeah. That's...I guess that's my...my interest in it. If...if the exemption is for the reason, or if the reason for the exemption is that because the activity is seasonal, then I guess I would be interested whether this same exemption could apply to seasonal businesses within...within the City of Lincoln, for example. Because certainly I can think of some...some businesses to which it might apply and to which it could be beneficial.

SENATOR KRISTENSEN: Senator Beutler, before I go any further, the person you should be asking was my staff who just handed me some of the federal things that...

SENATOR BEUTLER: Okay.

SENATOR KRISTENSEN: And it is...it is seasonal, but it's farm related and ranch related service industries that are on that sort of seasonal thing, so it is restricted to that area.

SENATOR BEUTLER: Okay. So the situation is that we could not grant this to other than this limited category allowed by the federal act.

SENATOR KRISTENSEN: Right.

SENATOR BEUTLER: So we either give the benefit to those that we can give the benefit to,...

SENATOR KRISTENSEN: Or you don't...

SENATOR BEUTLER: ...(inaudible) see it justified, or we don't give the benefit at all. We can't...

SENATOR KRISTENSEN: Yes, yes.

SENATOR BEUTLER: ...we can't extend it.

SENATOR KRISTENSEN: That's correct.

SPEAKER BAACK: One minute.

SENATOR BEUTLER: I had one more question, Senator, which seems to have slipped my mind, I'm sorry. Thank you, Mr. Speaker.
